

Children's University Festive

Online Activity Evaluation

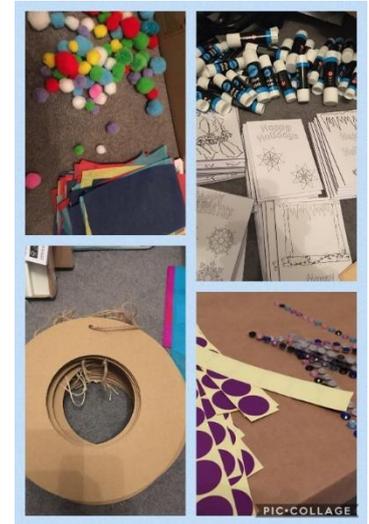

Details

For the session the children were given a pack which included: -

- Information sheet for each activity
- Craft items: -
 - Cardboard wreath
 - Items to decorate the cardboard wreath including a glue stick
 - Christmas cards and envelopes
- Evaluation form
- Spare envelope to send the cards and evaluation back in

The only thing they needed from home was felt tips.

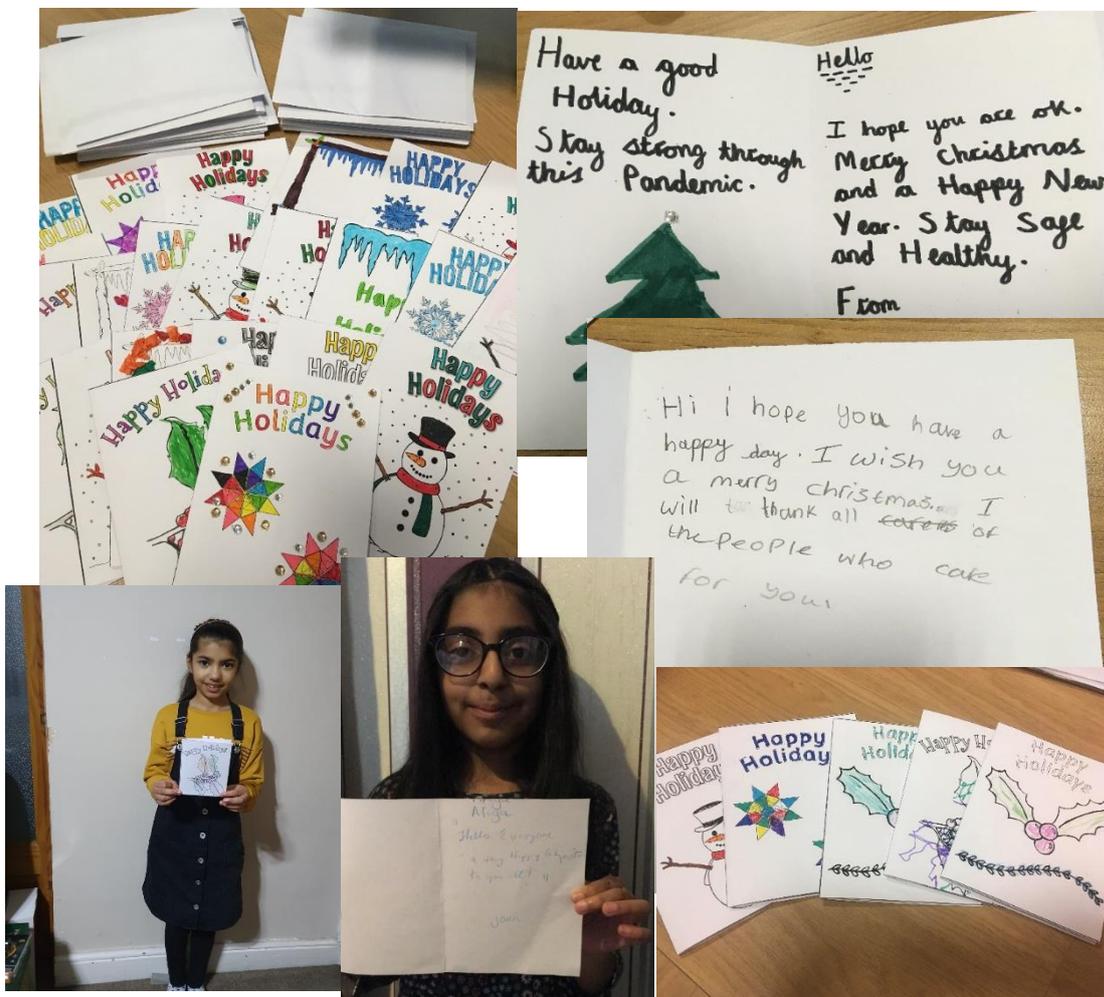

Additional activity

We had two short additional sessions with some residents from Eachstep Care Home. Here I selected a small number of children who had already signed up to the craft sessions.

During these short sessions the children introduced themselves to the residents and asked them some questions. Whilst doing this they made cards for them and also decorated a lavender bag which will be printed off to give to the residents in 2021.

The cards were then dropped off at the Care Home and were exchanged with cards the residents had done. We also had additional cards from the other sessions which were given to other residents in the Care Home.

Comments from the children: -

What did you like about the activity?	Is there anything else you would like to say?
<ol style="list-style-type: none"> 1. I liked all of the activities we did 2. I liked making bell and decorating 3. Wreath and making cards 4. Cards, colouring and talking to the residents 5.
